Bakery Custard

Major Australian dairy suppliers have developed a name for themselves in the Asia Pacific region for high quality milk and dairy dessert products. **Gourmet Tree** is a part of this growing tradition and has developed a powder mix that only needs adding to hot (or cold) water to make a gourmet custard to match the best that Australian dairies have to offer from the chilled cabinet.

Made from traditional custard ingredients, **Gourmet Tree Bakery Custard** has avoided the poor quality ingredients that are used in many instant custard mixes from multi-national suppliers.

Just mix our powder base with water with a hand blender (or any mixer) to get these benefits. Add 400g **Gourmet Tree Bakery Custard Mix** to 1 litre water (around 60c is good) and mix for 30 seconds. Custard can then be filled into jugs or tubs for sale later. It is stable in the fridge for 4 days.

Nutritional Information

	30g of Custard	100g of Powder
Energy	553kJ (133Cal)	1940kJ(465Cal)
Protein	2.4g	8.4g
Fat, Total	4.5g	15.8g
- Saturated	3.7g	12.9g
Carbohydrate	19.9g	69.7g
- Sugars	15.5g	54.9g
